

**Guide to
Bield Housing
Application Form**

Introduction

Thank you for considering a Bield home. This guide is designed to help you navigate the application process. Our allocation policy is based on needs and uses a points system, so every detail that you provide is important.

When filling out the form, remember to include information for every person currently living with you, even if they don't plan to move with you. If your intention is to be housed with someone who does not currently live with you, please include them in this application.

*Areas that
require proof are
highlighted with:*

Data Protection

Bield Housing and Care uses the personal data you provide for purposes associated with the delivery of our services.

For more information, please visit: www.bield.co.uk/privacy-notice/

Personal data will be retained in line with our retention policies.

For data protection queries, please contact Bield Housing and Care's Data Protection Officer.

Email: dataprotection@bield.co.uk

About you – main applicant

This section is for telling us about you, and confirming your identity. Please provide proof of your identity which shows your name and date of birth, for example, a passport or photo-card driving licence. Please include your National Insurance Number. If applying jointly with someone else, provide their details on the following page. The person with the greatest need should be the main applicant. Include details for everyone living with you, using a separate sheet if needed.

Board or Employee Relationship

Let us know if you are related to a Bield Board member or employee. While this won't impact your application, it promotes transparency. Failure to disclose such a relationship, if identified later, may risk you losing your home.

Address Details

Please share your address with us, and remember to update us if you happen to move. If you have another address where you would prefer to receive our correspondence, please let us know. This is the address we'll use to get in touch with you, unless you tell us about a different address. Keeping your address up-to-date is really important. If we can't reach you, it might affect your application. If you're staying at more than one place, please give us a contact address and mark it as 'care of', but make sure you have permission to do so.

If you want mail sent somewhere else, just write down the address you'd like us to use in the space provided. Please provide proof of your current address, for example, a recent utility bill or bank/credit card statement.

Contact details

Making sure we have the correct and up-to-date information is really important for good communication. We like to use email because it is easy, saves costs and is environmentally friendly. If email isn't the best way for you, please let us know an alternative method that works for you. Your communication preference matters to us!

To easily keep tabs on your application, think about signing up for My Bield. This online platform lets you check your application status and get updates. Find more information by visiting our website: www.bield.co.uk/my-bield/

Language and format preferences

We want to make sure our communication is easy for you to understand. In this part of the form, please let us know:

1. Preferred language: tell us the language you prefer for communication.
2. Format preference: share any specific way you'd like information presented to make it easier for you to understand.

Your preferences are important to us and we aim to provide information in a way that suits your needs.

Assistance and support

We understand that the application process can be tough for some. If you need help and want to appoint someone like a family member, friend or legal adviser, please let us know. If you appoint someone, we'll share information about your application with them. We'll also ask if you have a Power of Attorney (PoA). We're happy to work with them. We ask that you provide evidence of the PoA, to protect your privacy.

Anti-social Behaviour

Please tell us if you, or anyone applying with you, has ever had a warning or court action taken against you for anti-social behaviour. This helps ensure you get the right support before getting a home. Our main goal is a successful tenancy - if the required support is not in place, we might temporarily pause your application until it is.

Managed Offenders

If you need to register under the Sex Offenders Act 1997 or Sexual Offences Act 2003, or any other license, please let us know. This won't affect your application, but it might impact where you could be placed. After we get your application, we'll work with local authorities and Police Scotland as needed.

While this process is ongoing, you won't get offers for housing. We appreciate your understanding as we prioritise the safety and suitable housing for everyone.

Immigration status

If you or anyone applying with you is subject to immigration control, kindly inform us. This helps us ensure you receive the most appropriate offer of housing.

Armed Forces

Please tell us if you, or anyone applying with you, has served in the armed forces or military service. We collect this information to report on how many veterans we help and to offer or suggest support specifically tailored to veterans. All responses are treated confidentially.

Accommodation history

We need to understand where you have lived over the past three years. Please use this section to detail your addresses over the last three years.

We also ask if you have outstanding housing debt at your current or previous addresses. This helps us to understand if you might need extra support in managing your tenancy in the future. Your honesty is important, and we're here to assist you.

Your current circumstances

Please tell us about your current circumstances. This information directly influences the priority you will receive in the housing allocation process.

Experiencing homelessness

If you are experiencing homelessness or expect to be soon, contact your local authority for a decision letter. We give extra points for such situations, but we need evidence from your local authority first.

Delayed discharge from hospital

If you are in hospital and ready leave but your current home isn't suitable, let us know. Please provide us with the following information and proof:

1. Use the application form to tell us about your situation and why your home is no longer suitable for your needs.
2. To be awarded relevant points, we require proof such as a letter from the hospital or a social worker confirming the situation.

Worsening circumstances

Please tell us if your current living arrangements are getting tougher due to problems with other people, whether it's friends, family, or others. This includes relationships with friends, children, siblings, etc., and not just partnerships.

Impact of illness or disability

Please tell us if you feel you or anyone in your household has an illness or disability that's worsened by your current home. This helps us understand how urgently you need to find a new place to live and if a Bield home can help. We will ask you to describe how your current home impacts on the individual's illness or disability. We may visit you to verify this information.

Property details

Let us know about your current home. This information helps us determine the points you'll be awarded.

If your property is 'Below Tolerable Standard', as defined by legislation, your local authority needs to assess it. If you report that your property is Below Tolerable Standard, please provide proof – usually a letter or report from your local authority.

If you mention damp and/or mould, we may need to visit to confirm or ask for evidence. Your cooperation in providing accurate details is appreciated.

Residential capacity

Let us know about the number of bedspaces in your home that are either unused or lacking. Each person in your household should have a bedspace, which can be a single bed or a space with a double bed if applicable. This information helps us to figure out if you are over or under-occupied, which might earn you additional points. A single bedroom accommodates a single bed, while a double bedroom can have a double bed or two single beds. The mention of "exclusive use of" relates to people who share their home with another household.

Shared facilities

Let us know if you have to share things like the kitchen, bathroom, or living room with someone who is not part of your household. This might impact the number of points you are awarded.

Accessibility

We believe in focusing on your abilities and want to make sure that any home we offer supports your independence. Please share how your mobility affects your access to your home.

Personal safety

Anti-social behaviour

Let us know if you are dealing with anti-social behaviour or if you have concerns about your safety at your current address or in the nearby area. We will discuss this as part of our assessment process to ensure your wellbeing.

Domestic abuse

Domestic abuse is any type of controlling, bullying, threatening or violent behaviour between two people, in a relationship. It's not limited to physical violence, it can involve emotional, physical, sexual, financial or psychological abuse. Abuse can happen in any relationship and may persist even after it ends. Both men and women can experience abuse or be abusers.

If you are facing abuse, please use this section to let us know. Make sure the contact details provided earlier are correct and safe to use, as we will use them to communicate with you about your application. In an emergency, call 999 or 101 (specifying Domestic Abuse Unit).

Violence and harassment

If you are experiencing violence or harassment related to your living situation, please use this section to share details about your situation. If you have received support or assistance from any organisation about this, please provide their contact details in the space provided. If you would prefer to discuss this before completing the form, feel free to contact us.

Hate incidents are any incidents committed against a person or property that is motivated by malice or ill-will due to factors like age, disability, gender, gender reassignment, marriage and civil partnership, race, religion and belief, sexual orientation and pregnancy.

Hate incidents are not acceptable. If you have experienced one, report it to the police. In an emergency, call 999. If you are not in immediate danger, call 101.

Needs and preferences

Social circumstances

Use this part of the form to let us know if you need to move for the following reasons:

- to give or receive support
- to make it easier to access amenities that you need, for instance, shops, doctors, places of worship, etc.
- because of a marriage or partnership break up
- to be closer to family or friends

- as you are vulnerable due to diminished cognitive capacity, for instance, you have dementia, memory loss, etc. Please also tell us how living in a Bield home will help
- as you are vulnerable due to diminished physical capacity.

Your input helps us understand your needs better and ensures we can provide the support you require. You may also be eligible for points.

Preferences

Property preferences

Use this part of the form to let us know which developments you would like to be considered for, in order of what you like the most. You can check the development list at the back of this booklet for the information about each development.

If you need an extra bedroom all the time because of health problems or a disability, let us know here.

Also use this part of the form if you need changes in your home to make it safer and easier to use, like a walk-in shower, ramps or wider doorways. We can't promise these changes right away, but we'll try our best, and take this into account.

Pick the bathing facilities that you like or would accept by ticking the boxes; bath only; bath with a shower above, walk-in or wet floor shower, and shower cubicle. Your choices help us to know what you need, and we'll do our best to help.

Let us know what floor level(s) work best for you, the type of home you'd like, and if you are interested in our meals service (if available at your chosen development).

Please check our development information before making your selection, as not all home types and services are available at every development, and the meals service is only available at our Retirement Housing With Meals and Retirement Housing + developments.

Equality

We believe in treating everyone fairly and giving everyone a chance in finding a home. We welcome applications from different communities, including Black, Asian and Minority Ethnic groups, LGBT+ individuals, people with disabilities and others who may not have had as many opportunities. Our aim is to celebrate the rich diversity of our community and make sure everyone feels accepted and supported, no matter who they are.

We know that some people have faced unfair treatment in the past. That's why we want to make sure our services are open to everyone. You can choose to share some information about yourself, like if you are from a minority group or have a disability. It is your choice, but it helps us make sure we're being fair to everyone. Any information you share with us in this section is highly confidential.

Declaration

Please read the statements within the form and indicate that you agree. This is required to enable us to process your application.

Sign

Please sign and date your application. This should also be signed by the joint applicant, if applicable.

Appeals

You may appeal against decisions made by Bield Housing and Care with which you are dissatisfied, for example:

- if you think that points awarded are not an accurate reflection of your housing circumstances
- the offer of housing you have received is not reasonable
- your application for housing has been suspended
- your application for housing has been cancelled as part of our annual housing list review

If you feel your application has not been pointed correctly, it could be that there was not sufficient evidence to verify the circumstances of your application. If you are a new applicant, please discuss what information is required with our Customer Contact team.

If you still feel that your points level does not accurately reflect your circumstances, you should appeal in writing to the Housing Services Manager within 21 days of receiving your points letter.

However, if your application for housing has recently been reviewed, please discuss what information is required with the Customer Contact team.

Is an offer of housing reasonable?

Applicants also have a right of appeal in relation to the reasonability of an offer. We will make two offers of housing to applicants at the top of the housing list that we feel are reasonable, for example, offers that are in an applicant's area of choice, suitable for their family size and any assessed health needs.

If you do not agree that the offer is reasonable, you can appeal against it. However, it is important to remember that your housing application must contain up-to-date and accurate information.

If you have failed to inform us about a change in your circumstances that has made an offer 'unreasonable', then it is unlikely that your appeal will be successful.

You must appeal against an offer being unreasonable within 14 days of receiving the offer of housing using the contact details on the letter.

Applicants whose applications are dealt with through the Homeless Legislation have a statutory right of appeal to have the decision reviewed by a senior officer not party to the original decision.

What can I do if my housing application has been suspended?

We may suspend new applications for housing in certain circumstances. For example, if there is a history of anti-social behaviour, relevant previous criminal convictions, where there is tenancy related debt, abandonment of property or you provide false information on your application.

You can appeal against a decision to suspend a new application for housing directly to the Sheriff Court.

We may also suspend your housing application at a later stage, for example, where there are rent arrears (usually totalling more than one month's rent), a history of anti-social behaviour or if the terms of the existing tenancy agreement have been broken.

What can I do if my housing application has been cancelled as part of the annual review of the housing list?

We review our housing list annually and we contact every applicant to ask them to confirm their circumstances.

Applications for housing are only cancelled for the following reasons:

- at your request
- you pass away
- you have been adequately re-housed by another social landlord and you have given us permission to cancel your existing application
- you have moved home by mutual exchange

- you have failed to respond to the initial review letter, reminder letter and cancellation letter.

To appeal against the cancellation of a housing application, you must be able to demonstrate good reason for not responding to the review letters.

All appeals should be submitted in writing to the Housing Services Manager who will determine the circumstances of the cancellation and whether to reinstate the application. You may wish to seek independent housing advice to assist you further.

Complaints

The appeal decision is final. However, if you are unhappy with how your appeal was handled (rather than the decision itself), you can submit a formal complaint in line with the final stage of our complaint procedure.

Information is available online at: **www.bield.co.uk**

For example, you can make a complaint if you feel we haven't:

- applied our policies or procedures properly
- provided accurate advice and information

If you continue to feel you have been unfairly treated, then you can contact the Scottish Public Services Ombudsman (SPSO).

The SPSO will only normally consider complaints that have completed the internal complaints procedure. The SPSO is the final stage for handling complaints about public services in Scotland and can investigate complaints about maladministration or service failure.

You should contact the SPSO within 12 months of the date you first noticed the problem you are complaining about. In special circumstances, the Ombudsman may consider matters that have gone on longer than 12 months.

Contact details are as follows: **Scottish Public Services Ombudsman (SPSO) FREEPOST EH641, Edinburgh, EH3 0BR**
Freephone: **0800 377 7330**,
Email: **www.spsa.org.uk/online-contact**

Our services

We provide a range of services at developments in 21 local authority areas across Scotland, aiming to provide options that best meet your needs.
